Thermochem

With a history of more than 30 years of service, innovation and growth, **Thermochem** was founded in 1989. Today our Managing Director, carries on the **Thermochem** legacy of a "Customer Oriented" corporate culture and "Product Innovation".

Since that time, we have achieved industry-wide recognition for establishing standards in precision technology, durability, and high product quality. Ingenuity, commitment, and driving determination have been the foundation of our growth. Today we have production work shop of **5000 Sq. Mtrs.** Area as well as a Corporate office and metallurgical test laboratory with our total plant facilities have expanded to over **7500 Sq. Mtrs.**
